THE SECESSION OF SONORA

Americans with large mining interests in Mexico, who have long quietly agitated in favor of the annexation of the northern section of that country to the United States, are doubtless deeply interested in the secession of the State of Sonora from the Mexican republic and the reported sympathy with this movement on the part of both Sinaloa and Lower California. The two states first named occupy the eastern shore and the third the western shore of the Gulf of California. Strategically the possession of this territory and of the Gulf of California would of course be of great value to the United States. Students of American history have wondered that President Pierce, his able Cabinet including Jefferson Davis, and the Democratic Congress of 1853 while putting through the Gadsden Purchase, did not cause the Arizona line to be carried forty or fifty miles still further south and thus secure a desirable United States port on the Gulf of California.

They could have done so, for the "purchase" of a strip of territory 500 miles long by about 120 miles deep, carrying the boundaries of Arizona and New Mexico further south, was virtually forced on conquered Mexico and caused a great outcry among the Mexicans, who less than six years before, by the treaty of Guadalupe, had been compelled to give up the vast territory now included in California, Nevada, Utah, the western part of Colorado and the greater part of New Mexico and Arizona, in addition to the disputed Texas tract between the River Nueces and the Rio Grande. The first rich fruits of conquest were thinly disguised by the payment to Mexico of the very moderate sum of $15,000,000, and for the Gadsden tract that country received $10,000,000 but it is nevertheless true that the Mexicans yielded to force in the first instance and to expected force in the second.

The historical record of these transactions is perhaps the greatest obstacle that confronts the American interests desirous to have northern Mexico annexed. There is a feeling in the United States that quite enough territory has been acquired from Mexico, which also lost its great province of Texas through the revolt of American settlers. In consequence of such American settlement the revolt of Texas and its later admission into our Union of States were inevitable. But very different is the case of seceded Sanora and sympathizing Sinaloa and Lower California. They have no American settlers to speak of and would not wish to come into our Union even if they should succeed in cutting loose from Mexico. Our annexationists can not point to Texas as a precedent and would have no such excuse for agitation. It is a pity that the Gadsden purchase of 67 years ago did not include an American port on the Gulf of California, but with public sentiment such as it is in these times any further acquisition of the sort appears to be hardly a remote possibility.

Liberty Bonds are not any too buoyant these days, and indeed are showing a tendency to show lower prices than ever. In the stock liquidation of Wednesday these bonds reached new low levels, indicating that large holders of war paper were putting them on the market in order to realize on them and use the money for other purposes. In this lowering of prices on these bonds many people who invested a few hundred dollars in these securities will lose considerable sums of money, if they are compelled to sell, and evidently many of them are letting go because of necessity. Some day however, Liberty Bonds will be worth their face value and ultimately may reach more than par, thus following in the footsteps of other securities of like character.

A wonderful cannon is said to have been invented in France, with a muzzle velocity of 4178 feet per second, and a range of 100 to 120 miles. If the Germans had had that gun and had reached Calais, they would not only have carried out their plan of shooting across the Channel but could have sheled London.

The disturbers of this country's peace have astonishing "nerve," particularly when they are women and count on their sex to protect them. Testifying in behalf of her own petition for a habeas corpus writ to stay the decree of deportation issued against her and eleven others of her kind, Mrs. Amy Colyer, secretary of the Massachusetts branch of the Communist party, boldly declared: "We believe in organizing society as it was brought about in Russia. Revolution has no terrors. It all depends when, in the opinion of the majority of the workers, the time is ripe."

A Mississippian now proved innocent who escaped hanging only because the noose slipped is said to have received a present of $5000 from his State. Hardly enough to stop an ordinary damage suit.

BROWNSVILLE BOY KNIGHTED BY KING

King George V of England has conferred knighthood upon Percival Phillips, a Brownsville boy, whose achievements as a war correspondent have made his name known the world around. His correspondence in the London Daily Express and in American newspapers appears under the caption "By Sir Percival Phillips."

The decoration was conferred just before Mr. Phillips left England for the Far East, March 31. Since that time he has made his headquarters in Constantinople, and has traveled through the Holy Land. Recently Mr. Phillips made a visit to his mother, Mrs. Anna C. M. Phillips, in Brownsville, and renewed acquaintances with many of his old friends in that town. During his stay in the town he visited the Brownsville public schools, which he said were his only alma mater.

Mr. Phillips entered the newspaper ranks years ago. His first work away from home was done in Monongahela, where he served as a reporter for the late Col. Chill W. Hazzard on the Republican. His father, Hibbard Phillips, many years ago, taught school in Carroll township, being in charge of the Gilmore school which is now within the corporate limits of Donora, for one term. During the late war Mr. Phillips was on the western front throughout the conflict, and was one of the men when the Kaiser would liked to have captured.

LADIES NEED A HAIR TONIC

That they can depend upon to be a harmless, active, antiseptic dandruff remover and hair invigorator. That is why they are turning to the time tried and proven petroleum of which CRUDOLEUM is a quality tested higher grade; fully worthy of the trust and confidence the public of today is placing in it. An Actual test by you will bear out everything we claim for it, or F. J. John will return to you the purchase price.

CRUDOLEUM quickly eliminates dandruff. As a hair tonic petroleum has been a leader for years and CRUDOLEUM is the petroleum of unvaring perfection.

Those exacting women, who know what a good tonic can do for them and still want a tonic of higher quality, find their ideal in CRUDOLEUM It is their and in attaining splendid, silky, and charming hair, fluffy and buoyant, rich in its own natural color, adding witchery to magnificent style.

Ask F. J. John at once for a bottle of CRUDOLEUM; it only costs 35c. If your druggist can not supply you, send 40c to the Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkinsburg Station, Pittsburg, Pa.

Notice To Printers

Sealed proposals will be received by the County Controller, at Washington, Pennsylvania, until 11:00 o'clock a. m., Thursday April 29, 1920 and opened immediately thereafter for the printing and furnishing complete 47085 official and 18140 Speciment Ballots, according to specifications on file in the office of the County Commissioners, for the Primary election to be held Tuesday, May 18, 1920. Delivery to be made May 13, 1920.

A certified check in the sum of 10 per cent of the bid must accompany each proposal and the successful bidder must enter into a bond in double the amount of his bid for the proper performance of his contract.

The right is reserved to reject any or all bids.

T. J. Underwood
County Controller.

We Cannot Tell You Everything

There is to kn w about this wonderful purchase of Spring and Summer coats.

Since our advertising space has become so limited on account of the newsprint shortage, we can only indulge in generalities, however it is doubtful whether any description would do them justice. One really must see them to be able to comprehend the extensiveness of the variety of styles we have just received in this purchase of coats which have just arrived. Every coat in this special selling represents a saving of ¼ to ⅓. A great many of them are sample garments whose superiority every woman knows and are offered at prices that deserve you attention.

Wonderful line of dark and light tan Polo Coats, of all wool Polo Cloth with the new feature collar and cuffs of Angora wool—some with narrow belt of material, also narrow leather belts, some full lined $25 and up.

All wool velour coats, many new models. This is a napped material which wears splendidally—always presents a dressy appearance. Pekin Blue, Tan, Borwn. Some full lined—$25.00 and up.

Silvertone velour—one of theseason's most fashionable materials, excellent trimming and beautiful styles and colors, $$29.50 and up.

All Wool Poplin and Serges, clever styles displayed—Navy Blue only, $29.50 and up.

Tricotine, the new and fashionable material in great demand—all sizes and styles—very good in large size—$29.50 and up.

We also have Covert Cloth, Tweed Mixture, remarkably serviceable fabrics, smartly designed, prices $25 up.

Wool Jersey—Newest Madels—Tuxedo collar. Green, Copen, Blue, Red, Light and Dark Tan—exceptionally d ressy, $29.50.

The newest thing Capes—accordian pleated back, wonderful for evening. Tan and Pekin Blue, $35.00 and up. See some of this lot on display in our Window.

Just received and on display a new assortment of Tircolette Waists. Priced $8.00 to $11.50.

Seed Oats

Improved White Russian Side oats. This is a genuine "Side" or "Horse Mane' 'type of oats. Grown especially for seed purposes, threshed on a machine that has never threshed any other variety. Heavy yielder graining 70 to 80 bushels per acre, weighing 40 to 44 pounds per bushels. Recleaned over the famous "Clipper" cleaner, insuring you against need seed and Canada thistle. Price per box $1.35 Spring Farm Dairy, Pricedale road, Monessen, Pa 272-t3

SLOWLY ASSUMING NORMAL CONDITION

Operations in the coal and coke regions of Fayette county continue to be dependent upon the as-yet untangled railroad situation, although conditions on the transportation lines, with the exception of the P. & L. E. railroad are daily showing improvement. This week in the coke region has been devoted mainly to shipment of outgoing freight and in that phase remarkable progress has been made. Substantially few empty care have been received from main terminals for placement in the coal and coke region, but by next week railroad officials hope to have a restoration of something like normal conditions, although there yet remains a tremendous amount of work in clearing the congestion at the main terminals. Once the Lake Erie is restored to normal working conditions there will be little difficulty in taking care of the greater demands of the region.

The city of Akron, Ohio, shows a gain of 201.8 per cent over the last census, or an increase of 139,368 people in the last ten years. This being the case it is not hard to figure out why there is a scarcity of houses in that thriving community. By virtue of these census figures Akron, known as the "Rubber" city has lived up to its name and has stretched its population in a manner unequalled by any other town in the United States.

Panama Canal Zone.

The United States did not acquire, by the Isthmian canal convention of November 18, 1903, any title to territory in the Republic of Panama, but merely a perpetual right of occupation, use, and control over a zone of land ten miles in width, and covering an area of 436 square miles. For this privilege it paid to Panama the sum of $10,000,000, and undertook to pay the sum of $250,000 annually so long as such occupancy continued. These payments began February 26, 1913.

Scottish Center of Industry.

Dundee ranks as one of the leading industrial and commercial centers in northeastern and central Scotland. The district of Dundee is the center of the jute industry in the United Kingdom and practically all the raw jute imported into the country, which averages 1,200,000 bales annually, is consumed there. It is the staple industry of Dundee and employs normally about 35,000 workers.

Buick

Preference for Buick Valve-in-Head motor cars becomes more pronounced each season—and this favoritism shown by the motor car purchaser of today has taxed the Buick factory's production to the limit.

Thousands are contented to await their turn in Buick deliveries—for Buick performance, quality, service and economy has completely won their confidence.

The five hundred thousand Buick cars now in daily operation are making Buick history. Their efficiency, faithfulness and value have established this fact in the minds of the world—"there is no substitute" for Buick Valve-in-Head quality and service.

Tipped Off As to Plot and Breaks Up Prisoners' Plan

ACCOMPLICE ARRESTED IN OHIO

A plot to make a "jail delivery" at Washington county jail Tuesday night was frustrated by the discovery of the scheme by Sheriff Alexander B. Gray. The Sheriff had been tipped off that an effort would be made by a number of prisoners to break jail some time during Tuesday night, and he immediately notified the county detectives, and an investigation was at once begun. It was ascertained by Sheriff Gray from a "trusty" that five prisoners, some of whom are declared to be the most dangerous ever held in the Washington county jail, were in a plot to make a daring escape. He allowed the scheme to progress for a few days and then "nipped it in the bud" just before the "zero hour," which had been set for 12:30 o'clock Wednesday morning. The facts in the case were not made known until a man named John Temple, an accomplice of one of the prisoners who was in the scheme to escape, had been captured at Youngstown, Ohio, on Friday.

Temple, it is charged by the Sheriff, had carried saws wrapped in newspapers, to one of the prisoners, George Deezee and who distributed them to other prisoners who were in the plot. Bars in five of the cells had been completely sawed through when Sheriff Gray made known to the conspirators that he was aware of their plans and their plot was frustrated.

Among those implicated in the plot were Andres Nichiporuk, who is charged with killing his wife in a most brutal manner, the murder occurring in Peterstownship; Robert Tyree of New York, who has a bad record and is being held on five different charges for burglary; George Deezee of Youngstown, O., held for theft of an automobile, Willard Smith another prisoner with a criminal record and John Popo, held for a minor crime and who was acting as rangeman.

Saws had been conveyed secretly into the jail and with them the men evidently worked diligently until several ars in the five cells were sawed through. e xcept enough left to hold them in place. Soap had been used in an attempt to conceal the sawed places.

If the attempt had gone through the prisoners expected to get out of their cells at the appointed time and once in the big rotunda of the of the jail their escape would have been quite easy. It is said the intention of the men concerned in the plot was to release five others prisoners all of whom are being held on the charge of murder.

The prisoners concerned in the plot feigned sleep Tuesday night when Sheriff Gray made his rounds, but he was not fooled by their attempt to "put over" their scheme. Nichiporuk attempted to take his life on Wednesday but was discovered by Sheriff Gray, who was showing a party the sawed bars in thecells. The prisoner was found hanging in his cell and when cut down was unconscious.

Temple, the man accused of giving the saws to the prisoners, will be brought back to Washington and will have to answer for his crime.

AUBREY EASTON STILL IN SERIOUS CONDITION

Aubrey Easton, who was seriously injured by being struck with an automobile at Seventh and Crest avenue Thursday afternoon, is still in a critical condition at the Charleroi-Monessen hospital. An operation was performed on his skull yesterday and a portion of the bone which had been fractured was removed. Up until today noon, he had not regained consciousness.

ENTRIES ARE DUE FRIDAY THE 30TH

Entries for the annual track and field meet under the auspices of the Washington County Interschoiastic Athletic Association, which will be held at College park, Washington, on Saturday, May 8 must be mailed to Assistant County Superintendent H. S. Kuder president of the organization not later than Friday, April 30. Indications are that the meeting this year will attract the largest entry list in the history of the annual event. Greater interest is apparent in this branch of sport as well as other athletics. Reports from schools of the county in both classes tell of their plans to compete in the track and field carnival.

Charleroi promises to come to the front again this year. The local school won three years in a row in Class 1, capturing the Observer-Reporter trophy, and has scored more points than any other. Indications are that the track and field team of the local high will be up to the standard of a few years ago. Charleroi has adopted a new monogram to be awarded to varsity athletes. Instead of the plain "C" that initial will be enclosed in a circle with extended wings on each side.

The fact that railroad employees in New England and the South have remained at their posts is another indication that the "outlaw" strike is of foreign origin. The foreign element in the two sections named is relatively small.

A spokeswoman for the Massachusetts ranch of the Communist party is quoted: "We will invite the capitalists to surrender, and if they refuse they will be responsible for what may follow." In other words, your money or your life.

Street Car Company Will Conform to Daylight Saving

Superintendent Yost of the Pittsburg-Charleroi interurban street car line announced this morning that the street car company would observe the daylight saving arrangement, beginning with the schedule Sunday morning. That is, cars will begin to run one hour earlier in the morning and quit one hour earlier at night. This schedule will not only affect the through cars between here and Pittsburg, but likewise those used in the local service in Charleroi, Donora and Monongahela This will mean that patrons of the line must be careful in the evening lest they miss the last car for home.

The Macbeth-Evans Glass company announced this morning that they would not conform to the daylight saving plan, but will run their factory on the old schedule and will observe the old hours. This will make conditions somewhat unhandy for any of their employes outside of town, but the company believes the old system the best.

The American Steel and Wire company announced at Donora this morning that they would observe the daylight saving and move their clocks forward one hour beginning with Sunday.

The Pittsburg Plate Glass company, according to Superintendent Lee Showers, will not likely make any change, at least for the present.

The Western Union Telegraph company will not move its clocks forward nor make any change in its time. If Congress should take action and make a change it would comply with the national regulation.

The Pittsburg Steel company and the Pittsburg Steel Products company will move their clocks forward one hour at midnight tonight, and observe the new time during the summer. The Page Steel and Wire company had not decided this morning what action they would take, but will likely follow the lead of the other companies.

In Charleroi no concerted effort has been made to conform to the new time and it is not known what will be done in this respect. For a time it is going to be somewhat confusing until each and every community finds out "where it is at."

PROCLAMATION

Whereas, the City of Pittsburgh will move its clocks forward one hour at 2 a. m., Sunday morning April 25, and

Whereas, The Pennsylvania railroad will change the time of its morning and evening trains, the street car lines will observe the new schedule and many of the industries on which Charleroi workmen depend will change their working hours beginning with Sunday,

Now, therefore, I, S. L. Woodward, Burgess of Charleroi, do request and recommend that the business men and citizens of Charleroi generally conform to the change in time or the daylight saving provisions the same as they existed during the war, to the end that our local time may coincide with the changes above noted, the same to be effective Sunday, April 25, beginning at 2 o'clock a. m.

S. L. Woodward, Burgess.

New Store Hours

Conforming with the daylight saving plan, our stores will be opened and closed one hour ahead of standard time until further notice.

Grant's Hardware, C. S. Bliss, Prop., W. B. Pfleghardt, Southern Furniture Co., J. E. Masters, Zeidman Furniture Store, A. & P. Tea Co., Jack M. Teitelbaum, Claybaugh and Milliken, Hennings Drug Store, Kirk & Clark, J. W. Berryman & Son, Fau Dry Goods Co., Geo. S. Might Sons, J. G. McCrory Co., Brent Hockman, Piper's Pharmacy, H. Porter, U. S. Orange, F. J. John, Zeigler Hardware Co., Joseph Haube, Frank Riva, F. W. Woolworth Co., D. F. McQuaid, Valley Plumbing & Electric Co., Joe Irose, Barber, Atlantic & Pacific Tea Co., Martucci's, Central Meat Market, Sonnemlitter Meat Market, New York Grocery, L. Collins, Woodward Furniture Co., Sam Haas, A. Levinson, Stevenson Bakery, Roth's.

WILL RUN CARS ON NEW TIME

The West Side Electric Street Railway company and the W. M. B. V. & F. C. street railway company will change the running time of their cars to conform to daylight saving, and the new schedule will go into effect Sunday morning, April 25. The new schedule will effect cars both on the east side through Monessen and Belle Vernon, as well as the cars running from Charleroi to Bentleyville and Ellsworth. The company makes the changes because of the fact that the Pittsburgh Steel Company has changed the working time at the mills in Monessen.

BANKS TO OBSERVE DAYLIGHT SAVING

The three banks of Charleroi, in conjunction with the financial institutions of Finleyville, Monongahela, Donora, Belle Vernon, Fayette City, Roscoe, California and Bentleyville, will observe the daylight saving regulations, beginning with Monday next. These banks are taking this step in order to conform to the regulations which will be observed by the Pittsburgh Clearing House.

Harry W. Scott, of Lock Four, left on Friday for Scarborough, West Virginia, to visit with his parents.

CONFUSION LIKELY TO RESULT FROM CHANGE IN RUNNING TRAINS

Commuters Will Be Advanced One Hour to Conform to Pittsburgh

MANY WILL BE DISCOMMODED

Due to the adoption of the daylight saving time by the city of Pittsburg which becomes effective at 2 o'clock Sunday morning, there promises to be a great deal of confusion in many of the communities outside the city and particularly in those towns in which there will be no change of time. This confusion will be largely due to the fact that the Pennsylvania railroad has announced that trains used by commuters will conform to the time adopted by the big city, and that their running time will be advanced one hour. In other words trains originating and terminating at Monongahela City, also West Brownsville-Pittsburg trains No. 7842, 7704, 7703, 7707, and 7709 and Crucible-Pittsburg trains 7700 and 7719 will be affected by this new arrangement. For instance train No. 7700 now due at 6:30 a. m., at Charleroi, will under the new dispensation arrive one hour earlier; train 7842, due at 7:28 a. m., will arrive at 6:28 a. m. The train due from Uniontown and the Fairmont trains will not be affected by these changes only the trains largely used by commuters being the ones changed.

The contemplated change is going to work a hardship on a large number of people who are employed in industries at Charleroi, and possibly other towns along the valley unless they change their working time to conform to the time adopted by Pittsburg. As an instance of how it will work, there are at the present time about fifty boys and girls who live at Donora, but who work at the Macbeth-Evans Glass plant. Under the new arrangement there will be no difficulty about them reaching their work on time, but in the evening they will be compelled to wait until 7 o'clock in order to take the Fairmont train home. The train on which they travel in the evening at the present time leaves the Charleroi station at 5:34 under the new arrangement it will leave at 4:34 and unless they are allowed to leave their work earlier will have to spend the additional time at the local station waiting for a through train.

The same condition will exist at Donora, where many of the employes travel back and forth, both ways. There are also many commuters at Clairton and Wilson who may have some difficulty in accommodating themselves and their working hours to conform to the new train arrangement which is announced to be effective beginning on Monday morning next.

In at least one particular Hoover is in the same class with Washington. Jefferson, Grant and a few other highly distinguished Americans; he is no public speaker.

BIG GASSER STRUCK NEAR WEST NEWTON

Considerable excitement has been caused in the vicinity of West Newton by a new gas well which was brought in on Thursday and which increased its flow on Friday to a volume of about 20,000,000 cubic feet per day. The well is located in Coal Hollow, near West Newton and is owned by the Coal Hollow Oil and Gas company. The new well is on the Belle Vernon anticlinal and is one of many in the same neighborhood, some of which are expected very soon.

CIRCUS TO VISIT CHARLEROI MAY 8

The John Robinson Circus, which is to exhibit here on Saturday, May 8, has strongly emphasized features of the hippodrome on this year's program demonstrating the recklessness of rider bands hailing from Australia, South America, Mexico and the ranches of the west. Brilliant races between the women of Great Britain, France and the United States, mounted on beautiful thorobreds; four, five and six horse tandem contests; double and tripple standing bare back races, man against horse races; donkey, pig, pony, monkey elephant and clown races and numerous other numbers unique in the annals of the hippodrome.

GAVE SURPRISE TO BROTHER MUSICIAN

John Vezzette, of Lock Four, recently married, expected to get away from this vicinity without confiding in his brother musicians, but he was very much surprised Friday evening, at the home of Mr. and Mrs. Harry Burkhart, of Lock Four, to find himself surrounded by John Jenkins, F. L. Rossume, and Edw. Wheeler of Charleroi Robert McGowan of Lock Four. John Popson of Pittsburg and Smith Corwin and Al Zellero of Donora, who proceeded to make things very lively for Johnnie. A pleasant evening was spent by all, and Mrs. Burkhart served a splendid lunch. Vezzette leaves Sunday for an extended trip of forty weeks with a Pittsburg band, and the best wishes of many friends follow him.
